EDUCATION

Vellore Institute of Technology

Bachelor of Technology in Computer Science and Engineering

2023 – 2027

CGPA: 9.18/10.0

TECHNICAL SKILLS

- **Languages:** Python, C++, SQL
- **Machine Learning:** Scikit-learn, XGBoost, Supervised & Deep Learning, Feature Engineering
- **Web Technologies:** Node.js, Express.js, React.js, JavaScript
- **Databases:** MongoDB, PostgreSQL
- **Deployment:** Github, Docker, Kubernetes

PROJECTS

DeepGuard AI: AI-Generated Image Detection GITHUB

Nov 2025 – Feb 2026

Technologies: Python, Keras, CNN, OpenCV, Scikit-learn, Streamlit

- Built a CNN-based image classifier to distinguish between real and AI-generated images, achieving 97.62% accuracy and 97.6% F1-score.
- Preprocessed images by resizing them to 256×256, normalizing pixel values, and preparing them as tensors for CNN-based classification.
- Developed a Streamlit web app which shows a real/AI-generated prediction with its confidence score.

BugInsight: Issue Severity & Resolution Prediction GITHUB

May 2025 – Aug 2025

Technologies: Python, Pandas, Scikit-learn, XGBoost, TF-IDF, FastAPI

- Developed a dual-task ML pipeline predicting GitHub issue severity (91.3% F1-score) and resolution time (1.8-hours RMSE).
- Improved prediction accuracy by 12% by feature engineering and model optimization.
- Developed a FastAPI REST API to load the trained models and return predictions for new bug reports.

NutriSense - Personalized Nutrition Tracking Platform GITHUB

Oct 2024 – Jan 2025

Technologies: React.js, Express.js, Node.js, MongoDB, Docker, CI/CD

- Engineered a personalized calorie tracking system, improving diet management for 50+ users.
- Implemented automated reminders for meal logging, increasing daily active usage by 20%.
- Automated build and deployment via GitHub Actions, decreasing release cycle duration by 35%.

ACHIEVEMENTS & CERTIFICATIONS

- **Codeforces:** Reached a rating of 1357, demonstrating proficiency in data structures and algorithms.
- **LeetCode:** Ranked among the top 6% globally by solving 400+ Data Structures and Algorithms problems.
- Reached the Semifinals of Flipkart GRiD 8.0, competing among thousands of participants nationwide.
- **Certifications:**
 - Intermediate Machine Learning — Kaggle
 - Bits and Bytes of Computer Networking — Google

EXTRACURRICULAR ACTIVITIES

Tech Co-Lead

VITERA Club, VIT Bhopal

Nov 2023 – Feb 2026

Bhopal, India

- Led a team of 10 members to organize 5 technical workshops and coding events for 300+ students.
- Mentored junior members in Python, Git, and machine learning fundamentals while coordinating technical content and event execution.
